

FTC Siwan - Started

Friends,

I have a great news to share. We have started 3rd Free Tuition center at Siwan. Siwan is within Haryana. Its approx 190 KM from Delhi and falls in district Kaithal.

It has been a dream for last 2-3 years to start this center, but progress has been slow. With the help of local volunteers (Manoj and Prashant), we have been able to start this center from beginning of this month. Key highlights:

The center has been started from a private community center, which is normally available during the timing of center.

Center will have 3 classes (6th, 7th, 8th). There will be 10-12 students per class

3 teachers have been appointed. Teachers are well qualified and enthusiastic.

Initial infrastructure (blackboards, dari, teacher chairs, water camper etc) has been setup

We conducted inauguration & first parent teacher meeting on last Saturday. Parents and students are also quite happy and enthusiastic about this center.

One of my close friend (Ritu) had recently expressed her interest to start a new center in her mother's memory. Fortunately, we could start FTC Siwan in her mother's memory. Ritu has committed significant contribution towards expenses of running this center. This commitment helped to give impetus to my efforts to start FTC at Siwan. Ritu's family travelled with us to Siwan for inauguration. My sincere thanks to Ritu & family for their involvement.

I am sharing couple of pictures from the ceremony in this email. You can see more pics in our picasa album. <http://picasaweb.google.com/>

Thanks for all your suport. It has helped to sustain and expand SP activities. Its a collective Prayas!!

Regards,

Pawan Kumar
