
SHIKSHA PRAYAS

November Highlights

November clearly had to balance academics and activities. We took a day out from the classroom to frolic in the golden sun, before the students got down to prepare for their mid-terms over the next fortnight...

SHIKSHA PRAYAS

Change of Guard at Kanhai

Rajni Upadhyay has taken over the reins of the Kanhai Centre from Preeti Jarnoliya who has moved on after 14 years with Shiksha Prayas. Rajni has been teaching Maths and Science at Kanhai since 2019, and is a Master's in Mathematics, supported by a degree in Education. The centre has relied on her to lead several initiatives to raise the bar of our students. Parents too share a strong connect with Rajni, and she is eager to start fresh engagements with sponsors and volunteers, and help students touch new milestones.

Ekta Rohilla also joined us in Kanhai, and covers the Social Studies and Hindi curriculum of the middle school. Spirited and cheerful, she brings in a lot of energy and enthusiasm to her classes. With a bachelor's and master's degree in Computer Applications, and an experience of 15 years in teaching computers, she is keen to upskill Shiksha Prayas students as well.

Change of Guard at Kanhai

Kartik, ex-student from Taraori FTC, and presently third year student of Biotechnology Is also committed to teaching Maths and Computers. His siblings have also attended classes for long here, and are doing admirably well in reputed companies. Kartik is keen on pursuing a career in the pharma industry.

SHIKSHA PRAYAS

Annual Sports Day

There's nothing quite like a burst of physical activity in the winter sun to recharge the mind, body and soul. So that's what Polar, Taraori and Kanhai FTCs did on the 17th and 30th of November, just as the air quality improved a little. We took over the nearest public parks for a host of tag and race games, besides kabaddi, kho-kho and badminton.

@Polar on the 24th

@ Kanhai on 30th November

@Taraori on the 24th

SHIKSHA PRAYAS

Children's Day

Siwan students were given a free hand to express themselves through art on the occasion.

SHIKSHA PRAYAS

Visitors at Kanhai

We were happy to receive our valued sponsors, NCR Corporation, at Kanhai on Children's Day. The team, led by Harpreet Singh, was appreciative of the new premises and the functioning of our premises, and impressed with the confidence and responses our students showed. They offered some valuable suggestions to improve the overall infrastructure, and are eager to participate actively in the teaching. Volunteers from NCR will be visiting once a week to impart more practical, application based sessions in English and Science, and Coding too once we have our computers in place.

SHIKSHA PRAYAS

Mentorship Programme

Meanwhile, a new batch of students from IIT Madras is preparing to mentor our senior students from all four centres. This time around, our Centre Heads are playing a key role in deciding the curriculum, and setting up a calling schedule to ensure every child is reached out to during the centre timings.

As the year draws to a close, we reflect back in gratitude for all the positive changes our sponsors and patrons helped bring in. Your help was precise, and timely, and left our students enriched and hopeful. Thank you so much.

Wishing you all a very happy December!

Warm regards,
Shiksha Prayas Team
